INDEPENDENT AUDITORS' REPORT

To the City Council
The City of Kinsley, Kansas

We have audited the accompanying primary government financial statements of the City of Kinsley, Kansas, as of and for the year ended December 31, 2010, which collectively comprise the basic financial statements of the City's primary government as listed in the table of contents. These financial statements are the responsibility of the City of Kinsley, Kansas' management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year partial (and summarized) comparative financial information has been derived from the City's 2009 financial statements and, in our report dated April 21, 2010, we expressed an unqualified opinion on the financial statements taken as a whole.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the guidance in the Kansas Municipal Audit Guide. Those standards and guidance require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The financial statements do not include financial data for the City's legally separate component units. Accounting principles generally accepted in the United States of America require the financial data for those component units be reported with the financial data of the City's primary government unless the City also issues financial statements for the financial reporting entity that include the financial data for its component units. The City has not issued such reporting entity financial statements. The effect on the financial statements of the omission of the component units, although not reasonably determinable, is presumed to be material.

As discussed more fully in Note 1, the City has prepared these financial statements in conformity with the accounting practices prescribed by the State of Kansas to demonstrate compliance with the cash basis and budget laws of the State of Kansas, which practices differ from accounting principles generally accepted in the United States of America. The effect on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the omission of the discretely presented component units, as discussed above, and because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of Kinsley, Kansas as of December 31, 2010, the changes in its financial position, or where applicable, its cash flows for the year then ended.

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the cash and unencumbered cash balances of the primary government of the City of Kinsley, Kansas, as of December 31, 2010 and its cash receipts and expenditures, and budget to actual comparisons for the year then ended, taken as a whole, on the basis of accounting described in Note 1.

The schedules presented as additional information in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. The additional schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

VONFELDT, BAUER & VONFELDT, CHTD.

The City of Kinsley, Kansas
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The City of Kinsley, Kansas is a municipal corporation governed by an elected five-member commission. A primary government is a legal entity or public politic and includes all funds, organizations, institutions, agencies, departments, and offices that are not legally separate. Such legally separate entities are referred to as component units. The primary government financial statements presented do not include the financial data of the component units of the City of Kinsley.

The Kinsley Library oversees the library activities of the City and is a component unit. The Library can sue and be sued, but acquisition of real property by the Library must be approved by the City. The City levies taxes for the Library and bond issuance must be approved by the City. The financial data of the Library is available at the Library's office.

The Kinsley Recreation Commission oversees the recreational activities of the City and is a component unit. The Recreation Commission can sue and be sued, but acquisition of real property by the Recreation Commission must be approved by the City. The City levies taxes for the Recreation Commission and bond issuances must be approved by the City. The financial data of the Recreation Commission is available at the Recreation Commission's office.

B. FUND ACCOUNTING

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The following types of funds comprise the financial activities of the City of Kinsley, Kansas for the year of 2010:

GOVERNMENTAL FUNDS

General Fund--to account for all unrestricted resources except those required to be accounted for in another fund.

Special Revenue Funds--to account for the proceeds of specific revenue sources (other than special assessments or major capital projects) that are restricted by law or administrative action to expenditure for specified purposes.

Debt Service Funds--to account for the accumulation of resources for, and the payment of, interest and principal on general long-term debt, and the financing of special assessments which are general obligations of the City of Kinsley, Kansas.

PROPRIETARY FUNDS:

Enterprise Funds--to account for operations that are financed and operated in a manner similar to private business enterprises--where the stated intent is that the costs (expenses), including depreciation, of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges--or where periodic determination of revenues earned, expenses incurred, and/or net income is deemed appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

C. BASIS OF ACCOUNTING

Statutory Basis of Accounting: The statutory basis of accounting, as used in the preparation of these statutory basis financial statements, is designed to demonstrate compliance with the cash basis and budget laws of the State of Kansas. Cash receipts are recognized when the cash balance of a fund is increased. Expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods and services, and are usually evidenced by a purchase order or written contract. For an interfund transaction, a cash receipt is recorded in the fund receiving cash from another fund, and an expenditure would be charged in the fund from which the transfer is made.

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the statutory basis of accounting.

Departure from Accounting Principles Generally Accepted in the United States of America: The basis of accounting described above results in a financial statement presentation, which shows cash receipts, expenditures, cash and unencumbered cash balances, and expenditures compared to budget. Balance sheets that would have shown noncash assets such as receivables, inventories, and prepaid expense, liabilities such as deferred revenue and matured principal and interest payable, and reservations of the fund balance are not presented. Under accounting principles generally accepted in the United States of America, encumbrances are only recognized as a reservation of fund balance; encumbrances outstanding at year end do not constitute expenditures or liabilities. Consequently, the expenditures as reported do not present the cost of goods and services received during the fiscal year in accordance with generally accepted accounting principles. Capital assets that account for the land, buildings, and equipment owned by the municipality are not presented in the financial statements. Also, long-term debt such as general obligation bonds, revenue bonds, capital leases, temporary notes, and compensated absences are not presented in the financial statements.

D. CASH AND INVESTMENTS

Cash and investments from all funds are combined and invested to the extent available. Cash and investments consist of interest bearing checking accounts and money market accounts. Earnings from these investments are allocated to designated funds. Cash and investments are stated at cost.

E. COMPENSATED ABSENCES

Vacation Policy:

Full-time employees earn vacation time at the rate of 6.67 hours per month and may accumulate no more than 120 such hours. Part-time employees who work at least 20 hours per week earn vacation time at the rate of 4 hours per month worked and may accumulate no more than 80 such hours. Employees who have worked for the City at least one year are entitled to be paid for unused vacation leave when two weeks notice is given in the event of separation. The potential liability for unused vacation leave as of December 31, 2010 and 2009 is \$17,570.65 and \$14,625.41, respectively, which is a net change of \$2,945.24.

Sick Leave Policy:

Full-time employees earn 8 hours of sick leave per month. Part-time employees earn 4 hours of sick leave per month. Employees may accumulate 1,040 hours of sick leave. Employees who retire from City employment and who provide a minimum of two weeks notice of their retirement shall be paid for 1/4 of their accrued but unused sick leave, paid at their regular rate of pay based on the last day of service. No employees were eligible for retirement, therefore, there is no potential liability for unused sick leave as of December 31, 2010.

The costs of accumulated vacation and sick leave are not recorded in the financial statements at the time the benefits are earned by the employee.

F. COMPARATIVE DATA

Comparative totals for the prior year have been presented in the accompany individual fund financial statements in order to provide an understanding of changes in the City's financial position and operation. Some prior year balances have been reclassified to conform with the current year presentation.

G. TOTAL COLUMNS (MEMORANDUM ONLY)

Total Columns on the Summary of Receipts, Expenditures and Unencumbered Cash are captioned "Memorandum Only" to indicate that they are presented only to aid in financial analysis. Interfund eliminations have not been made in the aggregation of this data; and it is, therefore, not comparable to a consolidation.

H. AD VALOREM TAX REVENUE

The determination of assessed valuation and the collection of property taxes for all political subdivisions in the State of Kansas are the responsibility of the various counties. The County Appraiser annually determines assessed valuation and the County Clerk spreads the annual assessment on the tax rolls. One-half of the property taxes are due December 20 and distributed to the City by January 20. The second half is due May 10 and distributed to the City by June 5. The City Treasurer draws available funds from the County Treasurer at designated times throughout the year.

I. REIMBURSED EXPENSES

The City records reimbursable expenditures (or expense) in the fund that makes the disbursement and records the reimbursements as revenue to the fund. For purposes of budgetary comparisons, the expenditures (or expenses) are properly offset by the reimbursements.

J. USE OF ESTIMATES

The preparation of financial statements on a prescribed basis of accounting that demonstrates compliance with the cash basis and budget laws of the State of Kansas requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 2 - BUDGETARY INFORMATION

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special revenue funds (unless specifically exempted by statute), debt service funds, and enterprise funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

Note 2 - BUDGETARY INFORMATION (Cont'd.)

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the statutory basis of accounting, in which, revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for capital projects funds, permanent funds, fiduciary funds, and the following special revenue fund:

Capital Improvements Fund

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Note 3 - COMPLIANCE WITH KANSAS STATUTES

Management is aware of no statutory violations for the period covered by the audit.

Note 4 - DEPOSITS

K.S.A. 9-1401 establishes the depositories which may be used by the City. The statute requires banks eligible to hold the City's funds have a main or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The City has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the City's investments of idle funds to time deposits, open accounts, and certificates of deposit with the allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices.

Concentration of Credit Risk: State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial Credit Risk - Deposits: Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance, bank guarantee bonds, or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. There were no designated "peak periods" during the year. All deposits were legally secured at December 31, 2010.

Note 4 - DEPOSITS (Cont'd.)

At December 31, 2010 the City's carrying amount of deposits was \$1451,560.39 and the bank balance was \$1,456,611.53. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, \$253,378.98 was covered by federal depository insurance, and \$1,203,232.55 was collateralized with securities held by the pledging financial institution's agents in the City's name.

Note 5 - INTERFUND TRANSACTIONS

<u>From</u>	<u>To</u>	<u>Statutory Authority</u>	<u>Amount</u>
General	Capital Improvements	K.S.A. 12-1,118	\$ 79,370.20
Water System Bond Res	Water Utility	Close Fund	65,000.00

Note 6 - LONG TERM DEBT

Provisions of the bond ordinance make the following requirements for the 2002 Waterworks Utility in order to assure profitable operation and timely repayment of debt:

- (a) Establishment of a Water System Bond and Interest Account, providing for the payment of the next principal and interest payments. Actual balance as of December 31, 2010 was \$0.00. Required balance as of December 31, 2010 was \$0.00.
- (b) Establishment of a Water System Revenue Bond Reserve Account, into which the City shall transfer \$850.00 per month to a maximum of \$65,000.00 for the sole purpose of paying principal and interest only when funds might not otherwise be available due to unforeseen circumstances. Actual balance as of December 31, 2010 was \$0.00. Required balance as of December 31, 2010 was \$0.00.
- (c) Establishment of a Water System Surplus Account, to be funded by excess revenues in the Water Fund, over and above amounts needed for 60 days operations and the required transfers shown above. This account can be used to pay operating costs and repairs to the water system, as well as to fund the transfer amounts listed above or to pay the principal and interest payments when due, but only when no other funds are available.

The City of Kinsley entered into a loan agreement effective as of May 6, 2002 with the Kansas Department of Health and Environment, acting on the behalf of the State of Kansas. The loan is in an amount not to exceed \$954,500 to pay all or a portion of the sewer project. The interest rate on the loan shall be 3.12% per annum, which shall be assessed on the unpaid principal balance to be set out in the Loan Repayment Schedule which is to be calculated upon completion of the project. The Loan Repayment Schedule requires fixed semiannual payments amortized over a twenty year period. The City of Kinsley shall impose and collect such rates, fees and charges for the use and service furnished by or through the Sewer System as a dedicated source of revenue for repayment of the loan.

Note 6 - LONG TERM DEBT (Cont'd.)

Changes in long-term liabilities for the City for the year ended December 31, 2009, were as follows:

Issue	Interest	Date of Issue	Amount of Issue	Date of Final Maturity
Revenue Bond:				
Water System Refunding	3.00-4.30%	3/1/2002	\$ 665,000.00	4/1/2010
No-Fund Warrants:				
Fire Truck & Refinancing Warrants	0.50%	2/21/2005	77,465.00	1/1/2018
Other Debt:

Note 7 - DEFINED BENEFIT PENSION PLAN

Plan description. The City of Kinsley contributes to the Kansas Public Employees Retirement System (KPERS) a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 S. Kansas Ave., Suite 100; Topeka, KS 66603-3803) or by calling 1-888-275-5737.

Funding policy. K.S.A. 74-4919 establishes the KPERS member-employee contribution rate at 4% of covered salary. The employer collects and remits member-employee contributions according to the provisions of section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rate be determined annually based on the results of an annual actuarial valuation. KPERS is funded on an actuarial reserve basis. State law sets a limitation on annual increases in the contribution rates for KPERS employers. The employer rate established for calendar year 2010 is 7.14%. The City of Kinsley employer contributions to KPERS for the years ending December 31, 2010, 2009 and 2008 were \$27,475.21, \$23,696.03, and \$25,165.96, respectively, equal to the required contributions for each year.

Note 8 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has been unable to obtain workers compensation insurance at a cost it considered to be economically justifiable. For this reason, the City joined together with other cities in the State to participate in the Kansas Municipal Insurance Trust, a public entity risk pool currently operating as a common risk management and insurance program for participating members.

The City pays an annual premium to the Kansas Municipal Insurance Trust for its workers compensation insurance coverage. The agreement to participate provides that the Kansas Municipal Trust will be self-sustaining through member premiums and will reinsure through commercial companies for excess claims for each insured event. Additional premiums may be due if total claims for the pool are different than what has been anticipated by Kansas Municipal Insurance Trust's management.

The City continues to carry commercial insurance for all other risks of loss, including equipment, property and building coverage. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 9 - OTHER POST EMPLOYMENT BENEFITS

As provided by K.S.A. 12-5040, the City allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the City is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the City makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the City under this program.
